

## Coral Coast Water Pre-connection checklist

- Download and read the “information for customers” brochure
- Read through the Coral Coast Water Customer service charter
- Fill out a Coral Coast Water application form
- Lodge your CCW application form
- You will be provided with a quote for your connection
- Sign and return your quote to the GWC office
- Your application will be sent to the GWC board for approval
- Once your application has been approved you will be issued a customer contract
- Read through your customer contract
- Sign and return your contract to the GWC office
- Make sure you have your tank and backflow prevention devices signed off by a qualified plumber
- Submit a copy of your certification to the GWC office
- Payment of your Coral Coast Water connection fee

GWC will now install your new CCW service connection within 10 days of completion of this checklist
