

## Annual Water Delivery Charges for 2020

All charges are payable within 28 days from date of invoice.

GWC Charges to Members	Description	Measure	Cost (Inc GST)
Quarterly fixed charges	Billed every quarter - in advance (January, April, July & October)	\$/ C Class Share	0.2041
Water Usage	Billed monthly in arrears	\$/Kilolitre	0.1122
Administration Fee for issue of Final Notice	when an account falls 31-60 days overdue	\$/Account	\$25
Administration Fee for issue of Disconnection Notice	when an account falls 61+ past due	\$/Account	\$25
Disconnection / Reconnection Fee	Payment required before reconnection of service (service has been disconnected due to non-payment of account)	\$/Connection	\$500
Special Meter reading fee	On Request from member or settlement agent	\$/Read	\$40
Members Offtake tampering fee *	When member is fined by the Board		\$500
Membership Fees	On Application (once off A Class Shares)	\$/Share min 500	\$500
Overuse Rate	Billed monthly in arrears - billed when consumption is in excess of allocation	\$/Kl over allocation	0.5613
Premium Water Usage	If/when available. NOT AVAILABLE CURRENTLY	\$/ Estimated Kilolitre	0.5613
Duplicate Certificate fee	when a share certificate is lost/destroyed and a replacement certificate is requested.	\$/certificate	\$90.00

Top two charges are "free of GST". Currently no Concessions apply to members of the Co-operative

**# Members are NOT permitted to consume water in excess of their allocation and Overuse Rates will apply. Members will be charged the Overuse rate per KL for any consumption in excess of their allocation. Access to water may be restricted or denied.**

\* Any member offtake tampering will result in an estimate of your water usage for the affected period in addition to the above fine.

**Example of Charges: [1 C class share = 1 megalitre of water entitlement or 1000 Kilolitres]**

**Quarterly Fixed Charges** - John Example is a member of Gascoyne Water Co-operative he owns 10 shares x 1,000 to convert to Kilolitres (shares are based on Megalitres). John's yearly charges will be: 10,000 x \$0.2041 = \$2041.00 for a full year. John will be charged 4 installments of \$510.25. He will also pay monthly for the water he uses in addition to the fixed charge. If he uses the full 10,000 he will pay \$1122.00 in total. Water usage is billed monthly in arrears.

PLEASE NOTE: Your C class water entitlements can be found on your share certificate - this is your base water allocation. Depending on water availability the permitted water allocation is determined by the Board in conjunction with Department of Water & Water Corporation and members are notified yearly (late Nov early Dec) of their annual allocation for the coming year.

A Class shares are for membership of the Co-operative. Every new member is now required to buy and is issued 500 shares. Memberships prior to the new rules have been transferred across at the rates held prior to the change of rules. Membership entitles those eligible to vote a vote at the Annual General Meeting - only one vote per membership.

If you have misplaced your share certificates please come into the office at 50 Boundary road to request a duplicate. You will need to sign a Statutory Declaration to declare you do not have them in your possession or know where they are. The administration staff can assist you to complete this form but you will need to obtain the appropriately qualified person to witness your signing of the declaration.

**PLEASE NOTE - Lessees are NOT entitled to copies of share certificates. If lessees are to receive statements/invoices direct the owner of the property must complete a form to authorise this. Ultimately the owner(s) are responsible for payment of all co-operative accounts if the lessee defaults.**
